

Overdrive multi-purpose LED Retrofits (MPLR) is uniquely designed to convert and upgrade most of the existing ceiling fixtures, pendants to latest LED Technology without rewiring and is as easy as changing a light bulb. With our patented designs, most of the existing ceiling fixtures, pendants, and portable lamps are easy to adapt with our LED Retrofits without rewiring. With our MPLRs, the lighting factories no longer need to assemble the lighting fixtures, they only need to pack all the lighting components in a box and ship to the customers. Parts are installed with MPLR, to become a complete lighting fixture. This not only saves the production time and cost, but also allows distributors to stock less

There are NO better and cost effective ways to save when using Overdrive's MPLR's!!

Features:

- Multiple mounting systems provided, with unique patented designs, allowing users to plug n play.
- Plug & Play Module using E26/GU24 Hard Wire Socket Connector for Most Fixtures.
- Three Simple Easy installation options.
- Multiple wattage - 11W, 16W, 19W, 25W available in 3000K, 4000K and 5000K (Special Color on request)
- Dimmable and compatible with most major brand dimmers on the market.
- DOB design with LM80 LED chips.
- Suitable for Industrial and Residential fixtures.
- Suitable for Ceiling Fixtures, Pendants, floor lamps. 5 years warranty.

CEILING FIXTURE APPLICATION

Designed for all types of ceiling fixtures.

Overdrive MPLR is designed with 3 types of unique mounting systems which can be easily mounted to all types of ceiling fixtures..

Overdrive MPLR is also supplied with one set of mounting screws with spring.

V

Simply connect the wires with the connectors, if the ceiling fixture has already built in sockets, you can simply connect the socket mounting kit to either one of the sockets and then connect to the MPLR. If ceiling fixture is designed with a stem for holding the glass, it can be directly positioned by the screw at the center of the MPLR. If ceiling fittings is designed without stem you can use the set of magnetic screws, simply mount the screws to the MPLR and adjust the distance, then position the MPLR close to the diffuser.

V

The MLPR is designed to mount to the standard mounting holes of ceiling fixtures. Just push the screws into the mounting holes and twist the MPLR to the end then release the MPLR, the MPLR will be automatically locked into the ceiling fixture.

PENDANT APPLICATION

Design for most of the pendants

Choose from our different wattages of MPLR from 16W, 19W or 25W

Just place the MPLR into the pole of the pendant to the right location, Tighten tight up the central screw.
If 1 MLPR is not bright enough, you can install 2 MPLRs, one for up light and another one for down light, as both MPLRs can be operated independently or synchronized.

PORTABLE LAMP APPLICATION

MPLR is also designed to fit floor lamps. If more light is required, 2 MPLRs can be used in one lamp, 1 for up light and one for down light. The 2 MPLRs can be operated independently or synchronized.

FLOOR LAMP APPLICATION

A socket mounting pole kit is provided, which can be mounted with the MPLRs, and MPLR becomes a dimmable led light bulb. It can be screwed into any floor lamps with either an E26 or E27 socket.

E26 or E27 socket mounting pole kit

POST SCREWS MOUNTING (PS)

(Standard accessory included in base model)

**ODMP1325
(25W)**

**ODMP1319
(19W)**

**ODMP1313
(13W)**

SPRING SCREWS MOUNTING (SS)

(Standard accessory included in base model)

MAGNETIC SCREWS MOUNTING (MS)

(Standard accessory included is base model)

**ODMP1325
(25W)**

**ODMP1319
(19W)**

**ODMP1313
(13W)**

**M1 (60mm)
(With 25W MPLR)** **M2 (40mm)
(With 16W/19W
MPLR)**

PENDANT CEILING FIXTURE APPLICATION

PORTABLE FLOOR LAMP APPLICATION

Standard and Optional Accessories

Order Code Example: **ODMP1319 3 N U**

Order Code Example: **ODMP1325 4 H U**

Standard Accessories Supplied with MPLR:

- 4 Wire Nuts
 - 1 Hard wire with connector
 - 2 Screw for Post Screw Mounting (Pre installed)
 - 2 Spring Screw Mounting (Pre installed)
 - 2 Magnetic Screw
- (M2 -40mm with 16W/19W and M1-60mm with 25W)

Details of Three Mounting Arrangements:

Spring Screw is inserted and turn to Snap fit MPLR

Tighten the Screw as shown below to mount on Centre Rod

Magnet Screw is screwed in the MPLR and levelled which then sticks to the body of fixture

Optional Accessories (to be bought separately as per requirement)

GU (GU24)
